

Maintaining a healthy smile is important to your overall health, but regular trips to the dentist can be costly. **ASCE Group Dental Insurance** helps keep your budget in check. Our plan covers both preventive and emergency services, ensuring your smile stays bright year after year.

Why Choose ASCE Group Dental Insurance?

- **Choices:** You'll have access to thousands of dentists and specialists located throughout the country
- **Quality:** Each participating dentist has gone through a rigorous and ongoing review and selection process¹
- **Freedom:** You can choose the dentist you want, regardless of whether he or she is inside or outside of our network
- **Efficiency:** We process 76% of our claims in just one business day²
- **Savings:** Our negotiated fees³ are typically 15-45% less than average fees for the same or similar services charged by dentists in your area²

How Does the Plan Work?

The ASCE Group Dental Insurance plan provides benefits for preventive care and most forms of emergency and specialty dental treatment. You can choose between the High Plan or the Low Plan, depending on your specific needs and budget. Details of each option are outlined below.

Low Plan

Annual Maximums: You and your covered spouse and dependents are entitled to receive up to \$1,000 each in dental benefits in any calendar year after the cash deductible is satisfied.

Deductibles: For Type B (basic) and Type C (major) services, an annual deductible of \$75 is required for individual coverage. For family coverage, the annual deductible is \$225. For Type A (preventive) services, the deductible is waived.

Reimbursement: You and your covered dependents will receive reimbursement for dental services according to the following guidelines:

- Type A (preventive): 80%
- Type B (basic): 60%
- Type C (major): 50%

The reimbursement schedule for dental services is the same, regardless of whether you choose an in-network or out-of-network dentist. However, your out-of-pocket costs may be higher with an out-of-network dentist. Out-of-network dentists have not agreed to accept negotiated fees, which are typically 15-45% less than the average fees charged in a dentist's community for the same or similar services.

High Plan

Annual Maximums: You and your covered dependents are entitled to receive up to \$2,000 each in dental benefits in any calendar year after the cash deductible is satisfied.

Deductibles: For Type B (basic) and Type C (major) services, an annual deductible of \$50 is required for individual coverage. For family coverage, the annual deductible is \$150. For Type A (preventive) services, the deductible is waived.

Reimbursement: You and your covered dependents will receive reimbursement for dental services according to the following guidelines:

- Type A (preventive): 100%
- Type B (basic): 80%
- Type C (major): 50%
